

Krankenpflege / Krankenschwester / Krankenpflegehelfer (m/w/d)

Globeria Consulting UG
haftungsbeschränkt

Beschreibung

Job category: Nursing, geriatric care, therapy

Employer category: Hospitals, clinics, geriatric care facilities

Job overview:

We are looking for a highly qualified and dedicated nursing specialist to join our dynamic healthcare team. As a nurse, you play a critical role in providing expert care, implementing best practices, and improving the overall quality of patient care. The ideal candidate will have a solid clinical background, exceptional communication skills, and a commitment to compassionate and patient-centered healthcare.

Zuständigkeiten / Hauptaufgaben

- Basic and specialized treatment care, care planning and documentation.
- Monitoring and therapy of patients in vascular and trauma surgery.
- Support with all investigations in the department.
- Preparation and follow-up of diagnostic and therapeutic measures.
- Nursing care and support for patients in geriatrics.
Close collaboration with the physical and occupational therapy team.
Support with patient hygiene.
- Digital planning and documentation of our patients' care measures.
- They are the first point of contact for relatives, doctors and therapists.

Erfahrung

- Completed 3-year nursing training or alternatively as a geriatric nurse (m/f/d).
- Initial professional experience in the clinical area is an advantage.
- Service-oriented approach to our patients.
- Strong team spirit and high level of commitment.
- Commitment, reliability and a high level of teamwork.
- High social skills, sense of responsibility and motivation to take on new tasks.
- First professional experience is an advantage, but not a requirement.
- Proof of vaccinations or immunity according to the Infection Protection Act (e.g. measles).

Qualifikationen / Anforderungen

- School leaving certificate or equivalent qualification; Completion of a Certified Nursing Assistant (CNA) program is preferred.
- BSc Nursing or General Nursing and Midwifery (GNM) – required
- Demonstrated experience caring for the elderly or similar population, preferably in a long-term care facility or assisted living setting.
- Knowledge of basic nursing procedures, medical terminology and infection control.
